Hello IHC Grantees and Partners!

In case you missed our announcement in the most recent IHC newsletter, the Inclusive Healthy Communities Grant Program has a Facebook Group!

This came about on the encouragement of several of you who wanted a social space where you could promote participation by other grantees or partners in your events, share resources you found valuable in your IHC journey, share your IHC grant experiences, and solicit input from fellow grantees and partners.

The group will be visible to the public (i.e., anyone can search for the group), but only group members can see who is in the group, what was posted, or comment on member posts. We are inviting all the grantees and their partners to participate in the group.

To join the IHC Facebook group, click on [this link](#) or the below Facebook icon and request to join. Once I confirm your membership, you can start sharing and reposting about your IHC activity!

As always, don't hesitate to contact me, Jeanne, or Karen, if you have questions.

Be well!

Sara
